

## Profile

# Rob Nicholls

## AAA PGA Professional

### Experience and Background

Rob has been a PGA professional for over 10 years, making him an experienced and knowledgeable Professional and coach. Rob completed his training via the PGA Academy in 2002 and since then has been the Head Coach of the Gippsland Sports Academy, Head Teaching Professional at the Brookwater Golf Club and Head Professional at the Sale Golf Club. Over the years Rob has gained experience nationally and has achieved success coaching juniors to state and national levels and has worked previously with training students for the Victorian Institute of Sport and Queensland Academy of Sport. Whilst Rob enjoys the challenges of teaching Juniors, he is passionate about teaching the game of golf to all players whether they are a single figure player, weekend hacker, or a new beginner.

### Best thing about being a Professional

Rob thoroughly enjoys helping people get the most out of their golf. Whether it is fitting a player with a new driver to get an extra 20 meters distance off the tee or helping a player with that slice, Rob is keen to help all players enjoy their game.

### Professional and Coaching Specialties

Rob's main coaching specialty is his simple, Authentic Golf Swing philosophy and his ability to get all players, whether young or old to swing the club and play the game better. Rob is also a Professional Club fitter who can tailor a set of golf clubs for you and your game. Whether it is more distance or accuracy, Rob can build you a set of clubs that is guaranteed to get the results you want.

### Family and Hobbies

When Rob is not at the Club, he enjoys spending time with wife Richelle and three girls Rebekah, Lillian and Violet. He also enjoys spending time in the mountains or on the river camping with friends.
